

## **\*\*\*Ontario Residents – Please Be Advised\*\*\***

Many people take this training as a highly beneficial introduction to Applied Behaviour Analysis with no plan to become a Registered Behaviour Technician (RBT®) with the Behavior Analyst Certification Board (BACB®).

If you are an Ontario resident, please be aware that there are important changes to your ability to become a Registered Behaviour Technician (RBT®) as of **July 1<sup>st</sup>, 2024.**

- Current RBT® certificants will have their RBT® certification placed on a voluntary inactive status
- The BACB® will no longer permit Ontario residents to become an RBT®

You can still take this training. Any information about whether you can become an RBT® given your specific circumstance should be directed to the Behaviour Analyst Certification Board ®.
